Henry Ford College 2001-2003  
Associates Degree in Business

## PROJECTS

### **Cinemalooop – Mobile App** [\[website\]](#)

Social platform for movie lovers

- Used React Native / Redux / JavaScript / Fastlane / Google API
- Setup REST API using redux.
- Setup all navigation code including custom headers.
- Used Google API services to implement all location-based code.
- Setup Fastlane and TestFlight for internal/external testing.
- Worked with UI/UX team to help design onboarding screens.

### **ALP Music – Mobile App** [\[git hub\]](#) [\[link-iOS\]](#) [\[link-android\]](#)

Music library for licensing custom audio.

- Available in the Apple Store and Google Play Store.
- Used React Native / Redux / JavaScript / Firebase / Expo AV / Stripe / IAP
- Setup a deployable application with standard development process.
- Custom cards, buttons, dropdowns, and inputs.
- Integrated Stripe for Android and IAP for Apple purchases.
- Created custom filters for genres and moods.
- Implemented Firebase and REST API for data fetching and storing.
- Manage JSON database of metadata, favorites, and orders.

### **ALP Music – Website** [\[git hub\]](#) [\[link\]](#)

Music library for licensing custom audio.

- Used JavaScript / jQuery / HTML / CSS / SASS
- Responsive design for all screen sizes on mobile and desktop.
- Custom CSS animations.
- Added custom audio elements (play, pause, mute, volume).
- Custom script to stop song playback on video start.
- About us animations to show and hide additional information.
- Edited, Mixed, Mastered and added metadata to over 2k songs.

## Experience

### **Cinemalooop | Mobile Developer | 2021 – Present**

Worked with a team to design and develop the Cinemalooop Mobile App. Handled all navigation, global styles, Redux stores, Authorization, onboarding, and user profile.

### **ALP Music LLC | Co-Founder | 2015 – Present**

Handling the day to day technical operations including web design and maintenance, Mobile application design and development, audio recording and mastering, metadata injection, registering tracks with applicable organizations, and composing.

### **COMCAST | Business Sales Rep | 2017 – 2020**

Worked with a team to provide Internet, Phone, Television and Security services to small and medium sized businesses
